MEMORANDUM

I-1

To Mr. T. Julian From Councillor Ron Searle
Dept. City Clerk Dept. _____

August 10, 1976

Will you please consider this memorandum as a Notice of Motion that I intend, at the special meeting of Council called for August 18, to introduce the request that Council re-open the matter of the Mississauga Judicial Inquiry with particular reference to the second part of my motion, which was rejected by Council at its last meeting. This, of course, will require the introduction of this matter by a member of Council who then voted on the prevailing side.

You are undoubtedly aware that the Attorney General responded positively to the first part of that motion and that the information pertaining to the Judicial Inquiry is either in the possession of our City Solicitor or under the control of the City Solicitor.

August 17, 1976.

The Mayor and Members of Council:

As you know, I was retired by the City at the end of February, after serving almost 20 years with the Township of Toronto, the Town of Mississauga and the City of Mississauga.

On July 19, 1976, I received a payment for retro-active benefits. In accepting this payment, I wish to make a few comments.

The amount has been computed on the basis of approximately 4%, whereas Council's resolution #208, passed on the 14th day of April, 1976, reads, in part:

"....that a cost of living increase for staff in 1976 be approved as follows:

Grade 1-13 - 8%...."

Also a report dated June 14th, 1976, from W. R. King, adopted by Council at meeting held June 28-30, 1976, reads in part, as follows:

"That the employees, Mrs. Irene Downey and Mr. L. Jamieson, have their 1976 earnings adjusted to reflect the increase granted by Council and have their pensions calculated on these increased salaries."

The explanation given to me for this lesser amount is that, in 1975, because I had for some time been in the maximum merit range of my salary grade, I was given a "little more" than the cost of living increase granted by Council - as apparently were several other employees who were in a similar situation. It appears that what was given to us in 1975 is being taken away in 1976.

While I can appreciate Council's wish to curtail expenses, it is impossible for me to believe that Council would knowingly penalize those loyal employees who have served the municipality a sufficient number of years to reach the maximum merit range in their salary grade. There must surely be a more equitable way to economize. Council must realize that actions of this kind can only be detrimental to staff morale.

Yours respectfully,

Irene Downey

Attention: Mr. T.L. Julian
City Clerk

Dear Sir:

In consideration of the City of Mississauga allowing services to be installed in the subject proposed subdivision, prior to registration of the plan, the company (as owner) covenants and agrees as follows:

1. The developer acknowledges that by proceeding with these services in advance of registration of a plan of subdivision, the developer is doing so totally at its own risk.
2. To allow the City, its employees, servants and agents to enter the lands at all reasonable times and for all reasonable purposes, including and without limiting the generality of the foregoing, for all necessary inspections and to correct any drainage problems, and to correct or eliminate any other nuisance, such as dust, garbage and debris, excavations, old buildings, etc., and the cost incurred by the City in so doing shall be a charge to the Owner.
3. To submit a cash deposit as required by the Engineering Agreement (5% for a maximum of \$10,000.00).
4. To indemnify the City, its employees, servants and agents (and the Hydro Commission and Regional Municipality of Peel), against all actions, causes of actions, suits, claims and demands whatsoever, which may arise either directly or indirectly by reason of the preservicing, and the owner undertaking the construction of the work within the proposed subdivision.
5. To proceed with the development in accordance with the attached Schedule of Performance, and should active development of the land come to a termination, to smooth, grade and seed the site to renew vegetation, and prevent erosion problems, and upon any failure in performing this obligation, to allow the City to enter upon the lands and carry out the work deemed necessary by the Engineering Department, with the costs incurred by the Town to be a charge upon the Owner.

IN THE MATTER OF Section 42
of The Planning Act (R.S.O.
1970, c. 349) as amended,

- and -

IN THE MATTER OF an appeal by
Edward Wiatr from a decision of
the Committee of Adjustment of
the City of Mississauga

APPOINTMENT FOR HEARING

Edward Wiatr having appealed from a decision of the Committee of Adjustment of the City of Mississauga dated the 18th day of December, 1975, whereby the Committee dismissed his application for a variance from the provisions of By-law 5500 of the City of Mississauga, as amended, for permission to convert to a two-bedroom apartment, the swimming pool area of an existing 30-unit apartment building, known municipally as 3130 Jaguar Valley Drive, notwithstanding that the said apartment building provides a gross floor area of approximately 26,650 square feet and 32 parking spaces; whereas, the said by-law in this instance permits a maximum gross floor area of 22,313 square feet and requires 55 parking spaces;

THE ONTARIO MUNICIPAL BOARD hereby appoints Tuesday, the 21st day of September, 1976 at the hour of ten o'clock (local time) in the forenoon at the Board's Chambers, 180 Dundas Street West, 8th Floor, in the City of Toronto for the hearing of all persons who desire to be heard in support of or in opposition to the appeal.

If you do not attend and are not represented at this hearing, the Board may proceed in your absence and you will not be entitled to any further notice of the proceedings.

In the event the decision is reserved persons taking part in the hearing may request a copy of the decision from the presiding Board Member. Such decision will be mailed to you when available.

MAJOR'S OFFICE

In response to municipal requests for early grants information, I intend to announce details of 1977 Provincial grants to municipalities by this October. This will provide your municipality with much greater lead time in planning its 1977 budget, and hopefully assist in the priority setting decisions of your council.

In order to finalize our grant programs by October, the Province needs early information on the 1976 financial performance of municipalities. Accordingly, my Ministry is establishing an in-year reporting system for all large municipalities in Ontario. Attached is a short form which lists the information we require for your municipality. It is most important that your best data on 1976 financial performance to date, plus estimates for the balance of the year, are received no later than September 1. I would be grateful therefore, if you would arrange for the enclosed form to be completed and returned as soon as possible.

This early exchange of information between the Province and municipalities should allow both levels of government to more effectively plan and control their respective financial affairs.

Yours sincerely,

W. Darcy McKeough

Office of the Mayor,

Dear Mayor Dobkin:

Thank you for your letter of May 4, 1976,
regarding the Federal Government's position on the
role of the Toronto International Airport (TIA), Malton.

You will recollect that the Federal Govern-
ment's proposals for the New Toronto International
Airport (NTIA) at Pickering envisaged that when NTIA
opened, the NEP contours surrounding TIA would be
reduced from what they are today. As I advised you in
my letter of February 10, 1976, the Province of Ontario's
withdrawal of support for the Pickering airport and
Ontario's stated opposition to any expansion of TIA
beyond that already announced, has posed the serious
problem for the Federal Government of determining the
extent to which the increasing air transportation needs
of the Toronto area can be met. This is being very
carefully studied at the present time.

Traffic at Malton is increasing and this growth
in both passengers and aircraft is forecast to continue.
Therefore, the volume of aircraft movements on the
existing runways will increase and those areas affected
by noise will likely become larger. At the present
time, an experimental monitoring system is being
installed to collect data on aircraft noise and the
results of these tests will be evaluated over the
next few months.

For these reasons, the Federal Government cannot
make the commitments you requested concerning runway
utilization and guarantee that there will be no extension
of areas which may be affected by noise. You have my
assurance, however, that all practical alternatives will
be examined to ensure that the impact of the expected
increased airport traffic on the residents of the City
of Mississauga and the other adjacent communities will
be kept to a minimum.

Re: All Ontario Minor Soccer
Tournament in Mississauga
September 4 to 6, 1976

We are pleased to announce that our successful invitation tournament for teams from across Ontario held for the first time last year, will be repeated on the Labour Day weekend (September 4 to 6) this year and will be enlarged to cover three age groups of boys, with a total of forty-eight teams.

Up to eighty individual games will take place in fields throughout Mississauga, but primarily in the Malton, Dixie, Erin Mills and Streetsville areas. The finals will likely be held at Streetsville Memorial Park.

We would welcome participation of the Mayor and Members at opening ceremonies to be held at various locations and also at the presentation of trophies, etc., on the Finals Day on Monday.

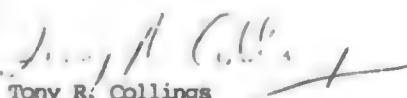

Some suitable memento of Mississauga (perhaps a small replica of the City flag) would be appreciated to give to the participants from outside the City.

Further details will be made available nearer the date of the tournament and can be obtained from the Chairman, Jim Pitfield at 828-9528.

We hope that the City will be fully behind us in supporting this event and that a public address system, picnic tables, bleachers, garbage cans, etc., can be made available at Memorial Park for the finals on Monday. Also access to the Streetsville Arena for washroom and changing facilities, as well as to purchase refreshments, would be much appreciated for the entire day on Monday.

We thank you for your cooperation.

Dear Sir:

Subject: Proposed Landfill Site "B"
Your File: 113-76
Our Reference: CAO-29-76 and CAO-30-76

Further to your letter of July 8, 1976, Council on July 22, 1976, approved the following recommendations of the Chief Administrative Officer:

RECOMMENDATION CAO-29-76:

That Proctor and Redfern Limited be engaged at a cost of \$3,500.00 to provide a feasibility study and comparative analysis of Site "B", City of Mississauga (lots 4 and 5, Concession 10, Trafalgar) for sanitary landfill purposes.

RECOMMENDATION CAO-30-76:

That upon receipt and approval of the study, referred to in Recommendation CAO-29-76, Council then consider the engagement of Gartner Lee and Associates to undertake a comprehensive hydrogeological study of Site "B" Mississauga at an estimated cost of \$23,000.00.

The following recommendation of the Chief Administrative Officer was approved by Council on July 22, 1976:

CAO-33-76:

That Proctor and Redfern Limited be retained to prepare the application and amendment documents as required by the City of Mississauga to Amend By-Law 5500 and the Official Plan at an upset limit cost of \$5,000.00 as outlined in the report by the Commissioner of Public Works dated July 13, 1976, with respect to the acquisition and development of a new sanitary landfill site on Site 4;

And further, that the amount of upto \$5,000.00 be transferred from the Working Capital Reserve Fund to meet the expenditure;

And further, that the City of Mississauga be informed of the Region's proposed application and be requested to assist the consultant in the preparation of required documents.

Consolidated Report

RE: Blocks C and D, Registered Plan 898
Paramount Development Corporation Ltd.
PUBLIC MEETING

Dear Sir:

On behalf of my client, Paramount Development Corporation Limited, I wish to comment on the disposition made by Planning Committee of the Consolidated Report on the above Development at the regular Committee meeting on Wednesday evening, August 4th. At that meeting, Committee accepted the recommendation of the report to require the developer to accept, in the Development Agreement, a provision proscribing further development of Blocks A and B, being the parcels in my client's property not currently approved for development. The requirement would reserve those Blocks for development together with the lands owned by individual property owners with property fronting Dundas Street. In our submission, this requirement is inappropriate for the following reasons:

1. The converse of the Agreement requires the Dundas property owners to develop their property only in conjunction with my client, and by so doing, while intending to protect the Dundas property owners, in fact, further limits their potential;
2. My client's parcel was originally zoned H-RM7D3 and H-RM7D4. When that holding designation was applied, no further provision was made to limit eventual development of the overall parcel to combined development including the Dundas frontage properties;

TO BE RECEIVED. REFERS TO

I-11(a)

The Clerk,
City of Mississauga

August 6, 1976

3. Any Development Agreement, or terms therein, would be subject to adjustment and rescission by joint agreement between my client and City Council in any event. However, because of the protection being given to the Dundas property owners, it can be said that they have specific rights under the Agreement, although they would not be signatories to that. From an equity point of view, notwithstanding other considerations as to the merits of a future re-development proposal, my client and the City might have to seek Releases from those property owners to any amendment or rescission of the Development Agreement. In other words, by limiting Paramount as proposed, we are creating rights for the Dundas property owners without soliciting any reciprocal obligations from them;
4. If the primary objective of the prohibition discussed is protection of the Dundas property owners, surely that function would be filled during the exercise of the normal planning and development process. Assuming that the offensive requirement is not included, and assuming that my client at some future date, proceeded to redevelop the subject Blocks A and B, my client's proposal would be considered on its merits by planning staff, Planning Committee, General Committee and Council. As is always the case, the rights and interests of adjoining and neighbour properties would be considered during those procedural reviews.

Although not specifically in the Consolidated Report, it is our understanding that City Engineering has requested that the extension of Blairholm Road southward through my client's property be by way of sixty-six foot road allowance. All discussions between the City and my client prior to August 4th, assumed a required road allowance of fifty feet.

I-11(b)

The Clerk,
City of Mississauga

August 6, 1976

We understand that it is Mississauga policy to accept a fifty-foot road allowance in the following circumstances:

- a) Where the roadway in issue is internal and not "through";
- b) Where the roadway in issue will not exceed three hundred feet in length;
- c) Where the anticipated traffic on the roadway in issue will not exceed 250 vehicles per day.

It is our submission that the extension of Blairholm complies on all three counts. Further, we submit that by requiring the additional road dedication, the shape of the proposed semi-lots 4 and 5 will have to be changed to provide for greater width and more extensive southward coverage. By so amending those lots, the opportunities remaining for the development of our Blocks A and B, and by apparent inclusion the Dundas Street properties, would be limited. To date, the whole exercise with Planning staff has been directed toward optimizing the future development opportunities of my client and the Dundas Street property owners. We suggest that the requirement of the sixty-six foot road allowance, in addition to being at variance with Mississauga policy, would be inconsistent with the planning objectives respecting my client's property and the Dundas property holdings.

I request General Committee to review these two matters at its next meeting.

Yours truly,

Re: Revised Port Credit Parking Standards

By-law 99-74, being a by-law to amend Port Credit's Zoning By-law, was passed by Council on March 4, 1974. The purpose of this By-law was to increase the on-site parking requirements of apartment and apartment hotel development.

A hearing was held in January of 1975 at the Ontario Municipal Board, to hear objections to the by-law. The objector, Venta Investments, were concerned to ensure their non-conforming use status in relation to this By-law since they were at that time seeking condominium approval. They were concerned that the timing of this By-law might complicate or jeopardize their application. In deference to the objector's concern, the Board, while approving the by-law in principle, directed that it be amended to exclude Venta Investments.

Attached is the amending by-law to be passed by Council before being returned to the Board.

Sincerely yours,

Basil T. Clark

SUBJECT: Reconstruction of Eglinton Avenue West between the Etobicoke Creek and Renforth Drive.

ORIGIN: Engineering, Works and Building Department.

COMMENTS:

1. The City has included the reconstruction of Eglinton Avenue from the Etobicoke Creek westerly to Tonken Road in their 1976 Capital Programme. The result of this work will be a four-lane roadway between Tonken and the Etobicoke Creek. A four-lane roadway presently exists east of Renforth Drive in Etobicoke. This leaves a two-lane road from the Etobicoke Creek easterly to Renforth Drive. This section of road is jointly under the control of the City of Mississauga and the Borough of Etobicoke. With the improvements that have been made to the east and west of this section, the demand will continue to grow for the improvement of this section to four lanes also.
2. Following discussions with the Borough of Etobicoke concerning Rathburn Road and the proposed connection of same across the Etobicoke Creek which was deferred at the request of Etobicoke, the reconstruction of Eglinton assumed more importance and as a result the reconstruction of this roadway from Erin Mills Parkway eastward was broken up into a number of projects for inclusion on the Five-Year Programme. Obviously, the section jointly under the control of Etobicoke and the City of Mississauga is extremely important if the smooth flow of traffic is to be maintained. In addition, two developments on the north side of Eglinton between the Etobicoke Creek and Renforth are now being processed. Both of these areas are in excess of 100 acres in size, with one being in the draft plan stage and the other being in an interim submission stage.

COMMENTS - cont'd. 3. This Department is of the opinion that representation should be made to the Borough of Etobicoke to have the reconstruction of the common section of roadway, including the bridge crossing, included in the Capital Programmes of both Cities as soon as possible. This would entail the preparation of an agreement with regard to timing, funding, responsibility for design and construction, etc. It would further be recommended that discussions commence on this subject as soon as possible in order that a joint report concerning same can be prepared for the consideration of Councils in both the Borough and City.

RECOMMENDATIONS:

1. That the information with regard to the reconstruction of Eglinton Avenue between the Etobicoke Creek and Renforth Drive as per the report of the Commissioner of Engineering, Works and Building Department dated August 9, 1976, be received.
2. SUBJECT: Proposed Regional Landfill Site 4.

By letter dated July 22nd, 1976, addressed to Mr. T.L. Julian, the Clerk of the City of Mississauga, Richard L. Frost, the Clerk of the Regional Municipality of Peel requests

"That the Council of the City of Mississauga accept the interpretation of Section 19 (1) (f) of---By-law Number 5500 which states: that land may be used for any public utility, as defined by The Department of Municipal Affairs Act, with respect to the Region's intention to establish a sanitary landfill site in Mississauga."

The Regional Municipality of Peel is interested in establishing a municipal dump with the least possible involvement with the requirements of the zoning by-law.

For purposes of examining this problem, the relevant portions of Section 19 would read as follows (edited version) ----

"In the planning area, lands may be used for any undertaking authorized by the Corporation of the Township of Toronto; or any local board thereof, or any public utility, as defined by The Department of Municipal Affairs Act, R.S.O. 1970, c. 118"-----
"and in conformity with the established character of the zone in which the use is situated"-----.

.... /2.

R-9(a)

- 2 -

August 13th, 1976.

The reference to "any public utility" is not helpful inasmuch as when read in its entirety, that definition is clearly intended to refer only to water works, gas works, energy works of other kinds, and the transmission and distribution and supply of natural gas and electrical power, a telephone system, street railway and bus transportation systems, and in my view cannot be stretched to include a dump.

Therefore, Section 19 (1) (f) of Zoning By-law 5500 can only be used to avoid the necessity of a rezoning if the dump qualifies as an "undertaking authorized by the (City of Mississauga) or a local board of the City".

Unless the establishment of a municipal dump is so authorized then Section 19 (1) (f) cannot be used to avoid the requirement of a rezoning application.

Dear Sir:

Subject: Proposed Regional Landfill Site 4,
Our Reference PW-157-76

On behalf of the Council of the Regional Municipality of Peel, I hereby request that the Council of the City of Mississauga accept the interpretation of Section 19 (1) (f) of your Municipality's By-law Number 5500 which states: "In the Planning area land may be used for any public utility, as defined by The Department of Municipal Affairs Act", with respect to the Region's intention to establish a sanitary landfill site in Mississauga.

In support of this request the following is submitted:

1. The definition of "public utility" in The Municipal Affairs Act, R.S.O. 1970, Chapter 118, includes "works or system for supplying the inhabitants generally with necessities or conveniences", and it is suggested that, without a doubt, a sanitary landfill site is a necessity or a convenience which must be supplied to the inhabitants.
2. The existing landfill site located at North Sheridan Way and Springbank Road was allowed under Section 19 (1) (f) of By-law 5500 and landfill operations were allowed under this Section on the "Pinchin lands", and approved for the "Magic Meadows lands" and thus precedents have been established.
3. A sanitary landfill operation is an "operation" rather than a "use" within the meaning of The Planning Act, as it is a temporary operation, which will result in planned open space, and since it will be municipally owned, a park can be a logical end result.

Please acknowledge receipt of this letter. As there is some urgency in this matter I would appreciate you presenting the request to your Council at the earliest opportunity and informing me in due course of their decision.

City of Mississauga
MEMORANDUM

R-10

To GENERAL COMMITTEE From Ronald C. Lathan
Dept. _____ Dept. Clerk's

August 16, 1976

SUBJECT: Composition of the Peel County Board of Education
and the Dufferin-Peel Roman Catholic Separate
School Board.
ORIGIN: Municipal Elections Act, Sec. 57 (2)(4)(5)(6) & (24)
Sec. 110 (2) (3) (4)
COMMENTS: Public School Trustees

Attached to this report is a copy of a letter dated August 12, 1976 from Mr. R. Frost, Regional Clerk, in which he advises he has determined, in accordance with the Elections Act, the number of members to be elected to the Divisional Board of Education.

Pursuant to Mr. Frost's determination, the City of Mississauga is entitled to 11 Public School representatives and 2 Separate School representatives on the Peel Board of Education. It should be noted that this is a reduction of 1 Separate School representative on the Board from its previous composition.

The reduction of 1 Separate School representative is brought about by the calculations based on equalized residential and farm assessment factors.

Separate School Trustees

I also wish to advise Council that it appears the composition of the Dufferin-Peel Roman Catholic Separate School Board will be unchanged. Mississauga will have 12 representatives on the Board. Consequently, it will be necessary, pursuant to the Elections Act, to pass a by-law dividing the municipality into areas for the election of members of the Dufferin-Peel Roman Catholic Separate School Board by the Separate School electors.

R-10(a)

A similar by-law was passed for representatives of the Peel Board of Education in 1974, however, this by-law was not passed for representatives on the Dufferin-Peel Roman Catholic Separate School Board, as there was not an election in 1974 for this membership.

CONCLUSION:

Pursuant to the composition of the Boards of Education as determined by the Regional Clerk, it is suggested that trustees be elected on the basis that Wards 1-9 inclusive receive 1 representative each and when there are more than nine trustees to be elected, the additional trustees shall be elected from the wards having the successively highest population.

PEEL BOARD OF
EDUCATION:

Wards 1, 2, 3, 5, 7, 8 & 9 - 1 Public School representative each.

Wards 6 & 4 - 2 Public School representatives each.

There are 2 Separate School representatives to be elected to the Peel Board of Education, who are elected at large.

DUFFERIN-PEEL
ROMAN CATHOLIC
SEPARATE SCHOOL
BOARD:

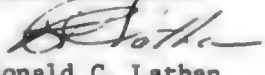

Wards 1, 3, 5, 7, 8 & 9 - 1 Separate School representative each.

Wards 2, 6 & 4 - 2 Separate School representatives each.

RECOMMENDATION:

- 1) That Mr. Frost's letter dated August 12, 1976 be received.
- 2) That a by-law be enacted to divide the municipality into areas for the election of the members of the Dufferin-Peel Roman Catholic Separate School Board by the Separate School electors.

The Regional Municipality of Peel

August 12, 1976

Mr. T. L. Julian
Clerk
City of Mississauga
One City Centre Drive
Mississauga, Ontario
L5B 1M2

Dear Sir:

Subject: Composition of the Peel Board of Education

As you know, the composition of the Peel Board of Education is determined in accordance with The Education Act, 1974, as amended, with specific reference to Section 57.

According to this section, the Regional Clerk is responsible to determine the number of members on the Divisional Board of Education, the Public-Separate split in representatives and the number of members to be elected by public school electors in each City and County Municipalities as well as the number of members to be elected by Separate School electors in each City and the County Municipalities. Basically, these determinations are made pursuant to Section 57, Subsections 2, 4, 5, 6 and 24.

In my opinion, the Board of Education to be elected later this year shall consist of 22 members who shall be elected on the following basis:

Public School Representatives:

City of Mississauga - 11
City of Brampton - 4
Town of Caledon - 2

Separate School Representatives:

City of Mississauga - 2
City of Brampton - 1
Town of Caledon - 2

The procedure followed in making these determinations is outlined below.

The base size of the School Board is determined by Section 57, Subsection 2 and, in the case of Peel, the Act states that there shall be 20 members.

...2

R-10(c)

The Public-Separate split is determined on the basis of total equalized farm and residential assessment. A summary of these figures was provided by Mr. Robert Beach, Regional Assessment Commissioner, Halton-Peel Assessment Region, Ministry of Revenue, on August 5, 1976.

Using a 20 member Board as the base, the equalized assessment figures indicate that there should be 17 public school representatives and 3 separate school representatives.

In calculating the distribution of the 17 public school representatives, one must follow the formula set out in Subsection 6 of Section 57. In doing the calculation on the basis of the equalized assessment figures provided, the City of Mississauga is entitled to 11 public school representatives and the City of Brampton is entitled to 4 public school representatives. At this point, it should be noted that according to the definitions in the Act, the Town of Caledon is a County Municipality and although its assessment figures would only justify 1 public school representative, the recent amendment to the Education Act (see Section 57, 6, (b), ii) prescribes that County Municipalities in Regional Municipalities having less than four Area Municipalities, shall receive no less than 2 representatives. As a result of this amendment, the Town of Caledon being the only County Municipality in the Region of Peel, is entitled to 2 public school representatives. I might add that in fact, by strictly following the procedure set out in Subsection 6, the Town of Caledon would receive 2 representatives regardless of its assessment. That is to say, by subtracting the 11 Mississauga and 4 Brampton representatives from the 17 permitted, the County Municipalities are left with 2 representatives.

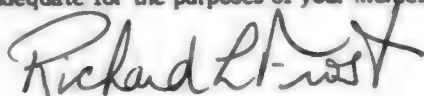

In any case, of the 17 public school representatives to be elected in the 1976 Municipal Elections, 11 shall be elected in the City of Mississauga, 4 shall be elected in the City of Brampton, and 2 shall be elected in the Town of Caledon.

The final determination to be made is that of the separate school representatives on the Peel Board of Education. As noted above, the equalized farm and residential assessment figures provided by the Ministry of Revenue, indicate that there should be 3 separate school representatives. According to Subsection 24 of Section 57, the same formula is to be used as that used in calculating the public school representatives "except that the equalized residential and farm assessment of the separate school supporters shall be used in the determinations". Thus, the City of Mississauga is entitled to 2 separate school representatives and the City of Brampton is entitled to 1 separate school representative. However, the Town of Caledon, again because it is the only County Municipality within the Region, is still entitled to 2 separate school representatives on the basis of the recent amendment to the Act.

Therefore, there shall be 5 separate school representatives on the Peel Board of Education, 2 of whom shall be elected in the City of Mississauga, 1 of whom shall be elected in the City of Brampton, and 2 of whom shall be elected in the Town of Caledon.

Obviously, in following the formula set out in the Act, we arrive at a total membership on the Peel Board of Education of 22 members. However, because of the base amount of 20 members prescribed in Subsection 2 is "subject to Subsections 4, 5 and 6", the 22 member Board is acceptable and in accordance with the provisions of the Education Act.

I trust that the above mentioned determination is in accordance with your calculations and is adequate for the purposes of your Municipal Election to be held later this year.

MEMORANDUM

48-2

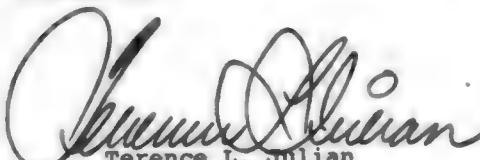

To ALL COUNCIL MEMBERS From Terence L. Julian
Dept City Clerk

August 6, 1976

Attached is a copy of a proposed agreement between Magic Meadows Limited and the City and the Region of Peel.

It is my understanding that Mr. Switzer has discussed this agreement with the majority of members of Council. It is at his request that this material is included with the agenda so that, if Council deems it appropriate, they may take whatever action they wish at the Council meeting on Monday, August 9, 1976.

Councillor Culham brought this matter to my attention on Friday, August 6, 1976 and it is at his suggestion that Council receive this information.

MEMORANDUM

4B-2(a)

To	Mr. T. Julian	From	Councillor David J. Culham
Dept	City Clerk - Clerk's	RECEIVED REQUEST NO. 7583 DATE AUG 6 1976	
		FILE NO. T-760B	
		CLERK'S DEPARTMENT	August 6, 1976

Dear Terry:

I have met with Mr. E. Hanson and Mr. J. Switzer of Magic Meadows this morning, re garbage dump lands.

They are prepared to drop the Fowler Drive issue and return to their version of Draft 7. Draft 7 had been previously agreed to by Council.

My understanding is that they have talked to a majority of Council and to the Mayor and it would appear that everyone is anxious to reach a settlement and to have this before them. Though it is unusual for Council to deal with such a matter without the Legal Department report, I am asking that the material be circulated to Council.

Subject to Basil Clarke's agreement on the legal wording, I would agree in principle with the draft because of the following:

1. It provides the Region and the City garbage dump lands at the best possible price, while providing future parkland in the City's ownership.
2. It provides the basis for additional bargaining with O.H.C. for a Senior Citizen housing.
3. The proposal follows the Hammond Road Study, adopted by Council.

I still have several concerns:

1. Though the community at large dealt with the Hammond Road Study in early 1974, there is concern that the Fowler Drive completion will dump undesirable traffic onto Mississauga Road.

This traffic it is feared may justify in some engineer's minds the widening of portions of Mississauga Road, a totally unacceptable alternative. This agreement will necessitate the Engineering and Planning Departments completing the Mississauga Road Scenic Route Report as required by earlier Council decision, so that clear policies are in force.

2. Because of ratepayers demands, I had asked Magic Meadows to come up with a single family proposal along Mississauga Road. They were able

to achieve this, if Fowler Drive was removed. It is regrettable in my view that we are unable as the City to act on this alternative at this time.

The proposal as submitted by Mr. J. Switzer does however agree with the terms of the original agreement before Council.

Yours truly,

David J. Culham

UB-2(c)

- 2 -
NOW THEREFORE THIS AGREEMENT WITNESSETH that in consideration of these presents, and of other good and valuable consideration, receipt of which is hereby acknowledged, the Parties hereto, hereby mutually covenant and agree as follows:

PART 1

DEFINITIONS

1. (a) "Deposit" means solid waste garbage excluding clean fill used in dump site preparation and clean fill used for daily cover material or for final cover material or landscaping of the dump site.
- (b) "Fowler Drive" includes the proposed extension of Fowler Drive to Mississauga Road, all as shown on Schedule "A" attached hereto.
- (c) "Land Fill Site" means the area shown hatched with purple lines on Schedule "A" hereto, and marked Blocks "C" and "F" thereon, which land is to be used as a municipal dump.
- (d) "Neighbourhood 1" means that part of the Owner's lands, so designated on Schedule "A" hereto, outlined in red and lying south of Neighbourhood 4.
- (e) "Neighbourhood 2" means that part of the Owner's lands so designated on Schedule "A" hereto outlined in orange and lying south of Fowler Drive and west of Robin Drive, comprising approximately 1 acre more or less.
- (f) "Neighbourhood 3" means that part of the Owner's lands so designated on Schedule "A" hereto outlined in blue, and lying west of Neighbourhood 1, including part of Robin Drive as closed, designated as Block "I".
- (g) "Neighbourhood 4" means that part of the Owner's lands so designated on Schedule "A" hereto outlined in yellow and lying in part north of Neighbourhood 1 as well as north of the north limit of the Sanitary Landfill Site, and lying in part between Loyalist Creek and Mississauga Road including:
 - (i) approximately 0.28 acres more or less of the east half of that part of Robin Drive which is to be closed, designated as Block "J" on Schedule "A" hereto, and

- (ii) Block K (0.15 acres and Block L (0.10 acres).
- (h) "Neighbourhood 5" means that part of the Owners lands situate north of Loyalist Creek and lying east of Robin Drive as outlined in pink on Schedule "A" hereto, including part of the east half of Robin Drive immediately north of Loyalist Creek, and being composed of nineteen single family lots as proposed by way of draft Plan of Subdivision, being 21T-7601M, including Block "H" (0.11 acres).
- (i) The "Owner's Lands" are all those two parcels of land outlined in heavy black on Schedule "A" attached hereto.
- (j) "Pinchin Lands" are those lands shown hatched with brown lines on Schedule "A" attached hereto, and lying east of the Owner's Sanitary Landfill Site.

PART II

SOLID WASTE DEPOSIT

2. The Owner consents to the City and Region using the Pinchin lands as a municipal dump for a period not to exceed 3 years from the date of this agreement.
3. The Owner shall forthwith, upon the execution of this agreement by all parties, permit the Region, its servants, agents or contractors to enter on the Land Fill Site and do all things necessary to prepare that site to receive deposits.
4. The Owner shall, forthwith upon the City passing the rezoning by-laws, as set out in Section 13 of this agreement,
- (i) permit the City and Region, their servants, agents and contractors, to enter on the Land Fill Site, and

place deposits there, and

(ii) permit the Land Fill Site to be used and kept exclusively by the Region as a Land Fill Site, for a period not to exceed 36 months from the date of execution of this Agreement by City Council, subject to City and Regional compliance with the regulations of the Ministry of the Environment and the terms of this agreement, where this agreement is not in conflict with the regulations aforesaid.

5. The Owner and the Region hereby agree that the fee to be paid to the Owner by the Region, for all deposits placed on the Land Fill Site shall be \$0.70 per ton and the Owner covenants and agrees that it will, as a condition of the development of its lands, enter into a Financial Agreement to pay the usual and normal lot levies payable in respect of residential development in the Region, as those Region's levies existed on the 13th day of February, 1976; and no deposit shall be so placed until an agreement setting out such a fee and such ^{fixed region} lot levy is executed between the Owner and the Region.

6. (a) It is understood and agreed among the parties hereto, that the permission granted under Section 4 above, shall be irrevocable by the Owner for a period of 36 months from the date execution of this Agreement referred to and 15 in Section 4(ii) hereinbefore and Section 13/below, provided only that such permission may be revoked for any breach of this agreement by the City or the Region which breach is not remedied upon one calendar month's written notice to the Clerks of both the City and the Region respectively, such written notice to be delivered promptly by the Owner; AND PROVIDED further that such permission may also be revoked by the Owner in the event that the Ontario Municipal Board has not approved, within 18 months from the date of their final passing by the City Council, the by-laws referred to in Section 13/^{and 15} below.

(b) The City and the Region hereby covenant to place deposits

on the Land Fill Site only in accordance with the Ministry of the Environment, its regulations, and in accordance with the terms of the agreement where those terms do not conflict with the Ministry regulations aforesaid.

7. (a)

The Region shall

- (i) keep an accurate daily record of the weight of deposits, placed on the land fill site,
- (ii) Produce to the Owner for inspection at all reasonable times, such of those daily records as the Owner may request, and
- (iii) Pay monthly to the Owner, the agreed fee per ton of deposit placed on the land fill site.

(b)

Upon

- (i) the Region ceasing to use the Land Fill Site, or
- (ii) upon the expiration of the 36 month period referred to in sub-paragraph (ii) of Section 4 above, or
- (iii) upon the Owner revoking permission pursuant to sub-section (a) of Section 6 of this agreement, the Region shall
- (iv) perform final grading of the Land Fill Site,
- (v) spread top soil and grass seed in accordance with the standard specification of the Recreation and Parks Department of the City of Mississauga in force at the time, and
- (vi) generally finish the Land Fill Site to the satisfaction of the City and the Ministry of the Environment.

(c)

The time allowed the Region for the performance of its obligations pursuant to subsection ⁷(b) (iv), (v) and/or (vi) hereof, shall be extended as may reasonably be required by the dictates of weather, and by the technical requirements of the Ministry of the Environment.

(d)

The City covenants with the Owner that it will require the Region to finish the "Pinchin Lands" municipal dump in the same manner as required in respect of the Land Fill Site and set out in sub-section (b) of Section 7 above.

8. (a) The City and the Region shall, during the 36 month period provided for in sub-paragraph (ii) of Section 4
- (i) permit the owner to make deposits on the Land Fill Site without charge, provided such deposits originate on the lands outlined in red on Schedule "A" annexed hereto, and are deposited in accordance with the approvals and regulations of the Ministry of the Environment and all City and Region by-laws, and
 - (ii) indemnify and save harmless the Owner, from any payment, tax, levy or other charge imposed on the Owner, by the City or Region respectively, based on either the removal of, or other use of materials from the Land Fill Site or the making of any deposit thereon,
- (b) Until the Owner conveys the Land Fill Site and Neighbourhood 1 to the City, the Owner shall continue to be responsible for, and to pay, all real property taxes assessed against the Land Fill Site and Neighbourhood 1.
9. The Owner shall not within the first two years of the 36 month period provided for in sub-paragraph (ii) of Section 4 of this agreement, apply for building permits in respect of Neighbourhoods 3 or 4, unless the Region shall have ceased to use the Land Fill Site and shall have finished the Land Fill Site in accordance with sub-section (b) of Section 7 above, but may thereafter be applied for.

PART III

REZONING APPLICATIONS, AND PLANS OF SUBDIVISION

10. The City agrees to permit and assist the Owner to develop Neighbourhoods 2, 3, 4 and 5 to the maximum population and unit density recommended in the "Hammond Road Study", provided such maximums are consistent with good planning principles, and site plan control by City Council.
11. (a) In respect of Neighbourhoods 2, 3, 4, and 5, and provided that all applications are in accordance with this agreement

and the recommendations of the "Hillwood Road Study", and are consistent with good planning principles, the City agrees to receive and diligently process all applications made by the Owner for approval of,

- (i) Official Plan Amendments
- (ii) Rezoning as herein set out
- (iii) Draft Plans of Subdivision.

(b) Upon the request of the Owner, the City agrees to forthwith submit to the Region, the Minister of Housing, and the Ontario Municipal Board, for approval pursuant to the Planning Act, R.S.O. 1970, c. 349, all applications processed pursuant to sub-section (a) of this Section, provided however that in the event the Minister of Housing, or the Ontario Municipal Board fails to approve any such application, the parties hereto agree that such failure shall not be a breach of this agreement by the City or the Region.

(c) The City and the Region hereby agree to support the Owner at, and actively participate in, all hearings of the Ontario Municipal Board concerning any of the matters set out in this Section 11 and Sections 13 and 15 hereof.

12. (a) The Owner covenants that it will upon the advice and recommendation of the City Council, offer to sell to the Ontario Housing Corporation for Senior Citizen Housing, the one acre site comprising all of Neighbourhood 2, provided such advice and recommendation is received by the Owner on or before December 21st, 1976, at a price and upon terms as agreed to between owner and Ontario Housing Corporation.

(b) The parties hereto acknowledge the intention of the City, to rezone for apartments, at a density higher than 15 units per acre, Neighbourhood 2, if, as and when it is acquired by the Ontario Housing Corporation for Senior Citizen Housing, and the Owner hereby covenants that it will not object to such rezoning and will not apply for a similar zoning in Neighbourhoods 3 or 4.

(c) Notwithstanding any other provisions of this agreement, and independent therefrom, the parties hereto covenant and agree

- that in the event that Neighbourhood 2 is acquired for development as Senior Citizen Housing, that they will do all things necessary to facilitate such development.
13. (a) The City agrees to rezone Neighbourhood 3 to R15 zoning with the density being limited to 15 units per acre.
- (b) The City agrees to rezone Neighbourhood 4 to R15 with the density being limited to 10 units per acre.
14. The City covenants to expedite the processing of site plan approvals with regards to Neighbourhoods 3, 4 and 2 if not sold to the Ontario Housing Corporation, and the Owner hereby agrees that the City shall not be obliged to issue building permits in respect of the said Neighbourhoods 3, 4, and 2 until two years have elapsed from the date when the Land Fill Site was first used by the Region to place deposits thereon, provided always that the Owner shall not apply for building permits in contravention of any regulations of the Ministry of the Environment.
15. The City agrees to rezone Neighbourhood 2 to R15, at a density of 15 units per acre, if the Ontario Housing Corporation fails to acquire that Neighbourhood for Senior Citizen Housing.

PART IV

FOWLER DRIVE

16. Prior to the City releasing for registration the first Plan of Subdivision covering any of the Owner's Lands, the Owner shall as a condition of such release, dedicate to the City, free from encumbrance or cost, the right-of-way required for Fowler Drive, and the City hereby approves the alignment of the right-of-way of Fowler Drive as shown on Schedule "F" attached hereto.
-

17. Upon receiving the dedication of the right of way pursuant to Section 16 above, the City will, within 6 months, fill Fowler Drive to final sub-grade elevations with compacted earth fill and thereafter permit Fowler Drive to be used normally as a public road.
18. (a) The parties hereto, hereby covenant and agree to construct Fowler Drive in accordance with the following arrangements:
- (i) The City will have Fowler Drive constructed to City standards within 18 months of the Owner dedicating the right-of-way pursuant to Section 16 above.
 - (ii) The Region will pay to the City 35% of the cost upon receipt of an invoice from the City.
 - (iii) The Owner will pay to the City 65% of the cost upon receipt of an invoice from the City.
- (b) The Cost of Fowler Drive shall include,
- (i) All necessary services and utilities, to City and Regional standards, such sanitary sewers, storm sewers, watermains and underground hydro-electric services and street lighting services which are to be buried in Fowler Drive.
 - (ii) The necessary works to connect to existing off-site systems, those works set out in sub-paragraph (i) above.
 - (iii) The cost of paving to City standards.
 - (iv) The cost of the compacted earth fill required in Section 17 above.
-

- (v) The cost related to Fowler Drive and Neighbourhood 2, in the undertaking set out in sub-section (d) below.
- (c) The City and the Region shall ensure that all sanitary sewers, storm sewers and watermain installed in Fowler Drive, are sufficient in capacity and depth to permit the development of the Owner's lands in accordance with the "Hammond Road Study".
- (d) The City shall properly grade, and shall install such storm drain pipes and culverts to properly drain both Fowler Drive and the lands of the City and the Region into Loyalist Creek north and west of the extension of Fowler Drive and shall properly protect the outfall at Loyalist Creek so as to prevent erosion or other damage. This system shall be of sufficient capacity and located so as to facilitate and permit the development of Neighbourhoods 2, 3 and 4, provided however that the Owner will fill in low lying areas in accordance with City instructions.
- (e) The Owner shall dedicate, free of cost or encumbrances, any easement over its land required to install the drainage system set forth in sub-section (d) of this section.
19. The City agrees to permit the Owner to have access to Fowler Drive, and access to the proposed Service Road running south from Fowler Drive to the Queen Elizabeth Way if, as and when such access is required for the development of the Owner's lands, all such access to be only in accordance with sound engineering and planning principles as established by the City.
20. The City and Region mutually agree that Fowler Drive in any event shall be no greater than a 66 foot road.

20 The Owner and the City mutually covenant and agree that development in Neighbourhoods 2, 3, and 4, shall be subject to all site plan controls usually exercised and imposed by the City, and that site plan approval is, in addition to the usual engineering and financial agreements, a condition precedent to the issue of any building permit in respect of such Neighbourhoods.

22. (a) The Owner hereby agrees that upon the Ontario Municipal Board approving the rezonings referred to in Sections 13 and 15 of this Agreement, that it will convey to the City, free of cost and free of encumbrance, Neighbourhood 1 and the Land Fill Site.

(b) The City agrees to accept the conveyance of Neighbourhood 1 and the Land Fill Site, in the place and stead of,

- (i) all land dedications which could otherwise be required for parks purposes or cash in lieu thereof, and
- (ii) all land dedications required in respect of any other of the public purposes contemplated in The Planning Act R.S.O. 1970, c. 349, or required by City policies, excluding therefrom such requirements as roads, conservation lands, walkways and easements.

(c) For the purposes of sub-section (b) of this Section, the combined value of Neighbourhood 1 and the Sanitary Land Fill Site less Blocks H, I, J, K and L to be conveyed from the City to the Owner is deemed to be the equivalent of 5% of the value of the Owner's lands herein which are to be included in Plans of Sub-division and Neighbourhood 1 plus the said Sanitary Land Fill Site are deemed to comply with all City parks dedication policies.

23. (a) The City and the Region agree that the Owner shall not be required to convey free of charge, any lands for the widening of Mississauga Road.

(b) The City and the Region further agree that the Owner shall

not, in addition to paying the agreed upon lot levies, be required to construct or pay for any improvements to Mississauga Road, or the Queensway, or North Sheridan Way, or the intersection of Mississauga Road and Fowler Drive.

- (c) The Owner covenants and agrees that it will, as a condition of the development of its lands enter into a financial agreement to pay the usual and normal lot levies payable in respect of residential development in the City, as those City levies existed on the 1st day of May, 1976, in accordance with the policy of calculation as then in effect. If any part of the owner's lands is developed by means other than the registration of a Plan of Subdivision, then the discharge by the Owner, of its obligations under subsection (a) of Section 22 of this agreement, shall be a condition precedent to the issue of the first building permit in respect of any of the Owner's lands.

24. The City agrees to take all possible steps to close those parts of Robin Drive shown as

Blocks M, I, J, K and L on Schedule "A" attached hereto and the City agrees to convey the said Blocks to the Owner immediately upon the closing of same, free from encumbrance or cost, and the Region hereby consents to the closing of Robin Drive from north of the Loyalist Creek south to Fowler Drive, as well as all other road closings herein referred to.

25. In the event that the Ontario Municipal Board does not and approve all of the rezonings referred to in Section 13 of this Agreement, then all processing of site plans, Official Plan Amendments, and zoning by-laws shall cease until the Owner has made new or other arrangements, satisfactory to the City, to satisfy the City's parks requirements under The Planning Act, R.S.O. 1970, c. 349, and to satisfy the City's requirements for land dedications in respect of all other public purposes under The Planning Act aforesaid.

26. The Parties hereto shall, in good faith and in the public interest, co-operate with each other with a view to the expeditious achievement of the objects herein set forth and in the event of any uncertainty or dispute as to the meaning or application of any of the provisions of this

agreement, each shall promptly consult and negotiate with the others.

28. If any party hereto shall be delayed, hindered or prevented from performing or causing the performance of any of the undertakings required of such party herein by reason of any matter beyond the reasonable ability of such party to control, then in any such case, failure so to perform in time shall not be deemed a breach of this agreement and the dates and times provided and stipulated in this agreement for performance thereof shall be extended for a period of time equal to the period of such delay. The work load of municipal staff shall not be considered a matter beyond the reasonable ability of the City or of the Region to control and if such work load delays the achievement of the objects herein set out, the City shall, and the Region shall, upon the written request of the Owner, retain the assistance of properly qualified outside consultants, provided however that the cost of such outside consultants shall be borne by the Owner.

29. The City agrees that the townhouse units herein shall, at the option of the Owner, be developed as condominium or otherwise for sale to the public, subject to proper application for sit plan and other proper approvals, by the Owner.

30. The provisions hereof shall enure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

31. This Offer made by the Owner shall be irrevocable to the City until the of 1976, and to the Region until the of 1976, and after such revoking dates, null and void and deemed in law to have been withdrawn in whole.

32. In the event Neighbourhood 2 shall be sold to the Ontario Housing Corporation, the City and the Region hereby consent to Land severance prior to Registration of a Plan of Sub division.
33. Time is of the essence of this agreement.
34. No acreage levy of \$4,000.00 per acre gross shall be charged on the Sanitary Land Fill Site lands nor on Neighbourhood 1 lands nor to the Loyalist Creek green belt lands.

IN WITNESS WHEREOF the Parties hereto have hereunto affixed their corporate seal under the hands of their proper signing officers duly authorized in that behalf.

WITHOUT PREJUDICE

Dear Sirs:

RE: MAGIC MEADOWS LIMITED
AND RE: AGREEMENT - SANITARY LANDFILL SITE
AND SURROUNDING PROPERTY

This is to confirm a meeting held with Councillor Culham on the 6th day of August with Mr. Hanson, at which time the recommendation of staff and General Committee with regards to Fowler Drive was discussed and a revised draft Agreement was submitted to Councillor Culham for presentation to Council for the City of Mississauga for execution.

To review, I would like to take this opportunity of expressing my appreciation and the appreciation of Mr. Hanson to Mr. Culham and staff for the patience shown in negotiations which have gone on now formally since we acquired the property on the 21st of April, 1976, and certainly for months prior to that time.

As I understand the situation, your Solicitor submitted the draft Agreement to Council which is called "Draft No. 7" which was adopted by Council for the City of Mississauga.

Four areas of negotiation have been going on since that date to present:

1. Wording of clauses, which is in my mind a drafting matter.
2. The need and requirement of Fowler Drive extension to Mississauga Road.
3. The transfer of density in part from Neighbourhood 1 (1.2 acres, more or less) to Neighbourhood 3, increasing Neighbourhood's 3 density to 15 units to the area, and
4. The valuation of the sanitary landfill site plus Neighbourhood 1 equal to 5% park dedication.

.../2

UB-2(2)

In every instance wherepossible, I have used the wording exactly as found in the Draft 7 of your Solicitor, and I have only made some, what I would call, very minor and moderate changes therein. Moreover, I have not received any communication from your solicitor in this regard and can only assume since he has had my draft for approximately six weeks that he finds no fault therewith. He of course has not seen the final draft now submitted, which is merely a deletion of the statement relating to eliminating Fowler Drive and I am pleased to advise that all of Mr. Clark's wording relating to Fowler Drive has been included in this Agreement.

2. I understand that you now have a report from the Engineer for the City of Mississauga wherein he has recommended and it has been adopted by Council that Fowler Drive Extension to Mississauga Road should be part of any Plan of Subdivision for the development of the surrounding areas.

Neither Mr. Hanson nor myself agree with this recommendation; Mr. Hanson believes that from a planning point of view, it is unfortunate, but it appears that the existance of Fowler Drive has been so long fixed in the minds of everyone that it is very difficult to raise it at this time. Magic Meadows Limited therefore withdraws its objection to the inclusion of Fowler Drive and all reference in the Agreement to excluding Fowler Drive from the development has been deleted from same.

3. Relating to the transfer of density, I am pleased to advise that we have had a meeting with both Councillor Culham on many occasions and last Thursday with Mr. Edmunds, Director of Planning, and am pleased to advise that the compromise transfer of density of not 17 units, which the 1.2 acres would allow more or less, but the transfer of only 8 units has been agreed to by Mr. Edmunds and agrees with the principle that Neighbourhood 3 as aforementioned would be 15 units to the acre as opposed to 14 units to the acre, but also as opposed to the Hammond Road Study which shows this particular site at 25 units to the acre -- garden court apartments).
4. The question of valuation has always been a very sore point to the writer. The writer has always felt that the Agreement as now submitted is not necessarily and solely in the best interests of Magic Meadows Limited. Specifically the writer, on behalf of the Company, was concerned about the giving away of the 10 acres of filled land in lieu of park dedication and in addition to that, the 1.2 acres of developable land for which no compensation was being given. However, in the light of the compromised transfer of density recommendation; and recognizing certain benefits in the transfer of lands from the City to Magic Meadows Limited on the closing of certain roads, etc., and primarily in the light of the writer's undertaking to all Councillors personally on separate occasions, to go the extra mile in settling this matter, this highly emotional and disputatious area has been resolved and Magic Meadows has completely withdrawn its objection thereto as can be

Page 3

perceived from this Agreement.

I am also pleased to advise that as a result of discussions with Mr. Russ Edmunds with Mr. Hanson and myself on Thursday last, he is in agreement on the following from a planning point of view -- that Robin Drive as extended to Fowler Drive should be eliminated as undertaken to the ratepayers at the time of the Hammond Road Study; that the land uses as proposed by Mr. Hanson and his Plan as submitted, which is enclosed herewith, is in conformity with the Hammond Road Study; and that the density as proposed therein or as discussed herein before, he is in agreement with.

In passing I might say that I am quite surprised that I have not had any follow up from the Ontario Housing Corporation with regards to the site that has been set aside for proposed Senior Citizen Use in spite of repeated phone calls by the writer to their office. Hopefully, however, that matter can also be resolved to the satisfaction of all parties.

Finally, it appears that we have the report from your Engineering and Traffic Department and consequently all staff input is available to both Council and to Magic Meadows Limited and an accord has been reached.

As a matter of procedure and routine, I am obligated to reiterate that this letter is without prejudice and it is sent as well as the Agreement on the understanding that it is privileged and cannot be used at any public hearing.

Yours very truly,

Dear Sir,

Oaklands Regional Centre, a corporate facility for the Mentally Handicapped, funded by the Province has a vacancy on it's Board of Governors from the City of Mississauga.

Pursuant to our By-Law # 1 (relevant excerpts attached) we would be pleased to consider a panel of nominees from your area. The panel should be considered under 10 (d) (2). It would be helpful to us in making a decision to have a short resume of the appointees background, association and community involvements.

We would appreciate it if submissions could be mailed to the above address, attention of the Secretary of the Board, prior to August 16th, 1976.

We thank you for your kind co-operation.

Yours truly,

Excerpts from By-Law # 1

Sec. 2. Membership in the corporation shall consist of

- (a) Those persons who have resided in the Regional Municipalities of Halton and Peel during the past two years, whose written application for membership, accompanied by the recommendation of two sponsors (including their names and addresses) has been accepted by the Board upon resolution after considering the qualifications set out in paragraph 10 (d), and
- (e) The Board may refuse to accept any application for membership without giving reason.

Sec. 10. (d) The Board in making appointments shall consider the following qualifications:

- (1) One-third of the appointees to the Board shall at all times be selected one from each panel of three nominees from each local association for the Mentally Retarded in each of the geographical areas of Burlington, Oakville, Mississauga, Halton Hills/Milton, Brampton/Caledon.
- (2) One-third of the appointees to the Board shall at all times be selected by the Board from community service organizations, one person from each of the foregoing areas; and
- (3) One-third of the appointees to the Board shall at all times represent solely the public at large, one person from each of the foregoing areas, provided however, that in considering appointments the Board shall attempt to consider geographic balance as between Halton and Peel Regions.
- (4) All prospective appointees shall be discussed with the appropriate Ministry of the Ontario Provincial Government prior to appointment.
- (5) Provided, however, in relation to his duties as a governor, the appointee shall be primarily responsible to the Corporation in preference to any other body or group with whom he may be associated.

RATEPAYERS PETITION WITH RESPECT
TO MISSISSAUGA ROAD (WIDENING)

Whereas Council has adopted the following policies with respect to Mississauga Road (widening).

1. That the policy of requiring an 86 foot roadway allowance for Mississauga Road be continued between North Sheridan Way and Springbank Road.
2. That the Staff prepare a report suggesting methods to implement the "Scenic Roads Policy" for Mississauga Road and that land dedication be made on the basis of this policy.

And Whereas the undersigned ratepayers object to any widening of Mississauga Road between Dundas Street and North Sheridan Way for any purpose whatsoever.

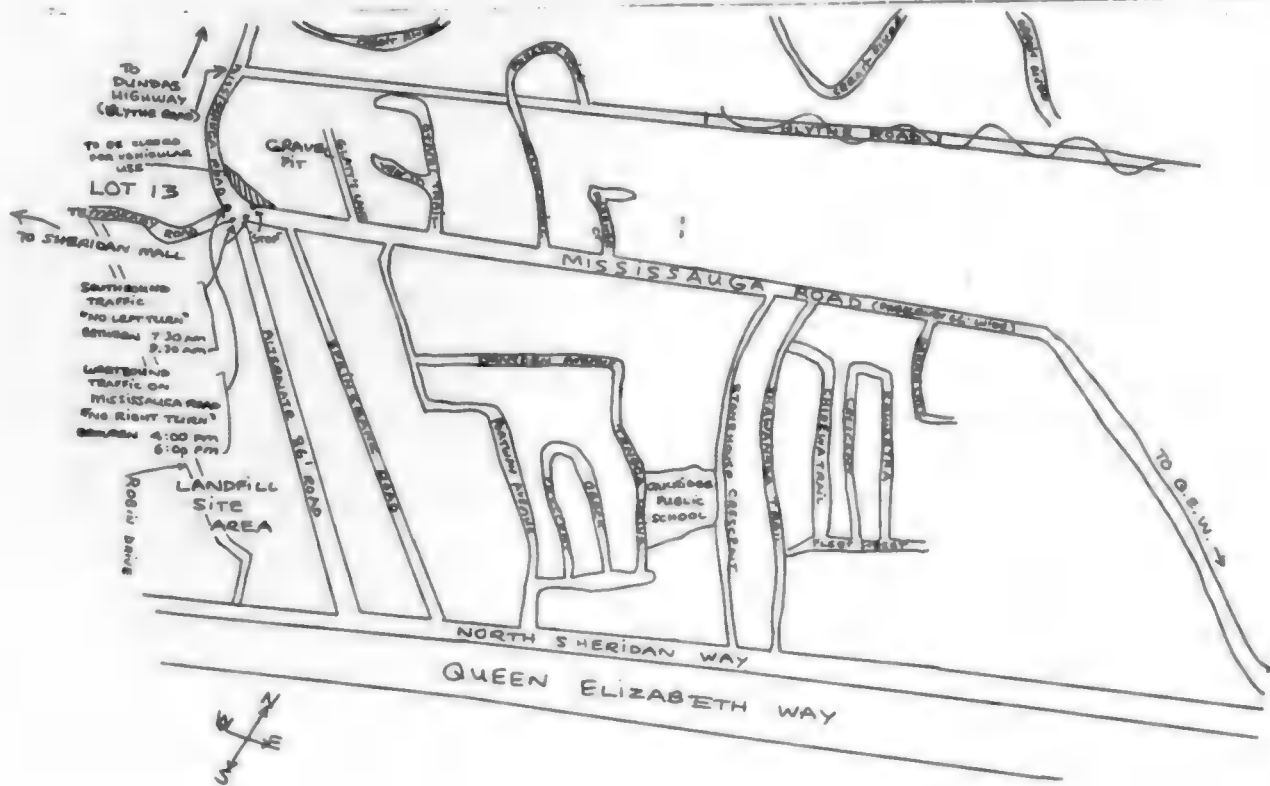

And Whereas certain lands lying to the west of Springbank Road between Mississauga Road and North Sheridan Way have been acquired for the purpose of a sanitary landfill site.

The undersigned ratepayers HEREBY PETITION Council to discontinue its policy of requiring an 86 foot roadway allowance for Mississauga Road between North Sheridan Way and Springbank Road and if necessary, provide for the construction of a road connecting Mississauga Road with North Sheridan Way through the sanitary landfill site, together with the road improvements and traffic signals shown on the sketch attached hereto.

Dear Mayor Dobkin:

Re: City of Mississauga
Ontario Home Renewal Program.

In response to the City of Mississauga's application of June 21, 1976, for Provincial grants for the fiscal year 1976-77, pursuant to Section 2a(1) of the Housing Development Act and Regulations thereunder, I approve in principle your application for a Provincial grant for the current fiscal year. A cheque in the amount of \$117,487.00, representing an accountable advance, is enclosed herewith.

You will appreciate that the funds available to Ontario municipalities for the fiscal year ending March 31, 1977, are limited to \$13,000,000. It is because of the fact that demand may exceed supply that the words "in principle" are used above. To assist in making this amount available to as many municipalities as possible, commitments to eligible homeowners shall not exceed the advances received from time to time by your municipality.

Gentlemen:

The undersigned residents hereby strongly protest the flooding and consequent erosion of said properties. This flooding has never been as apparent as it is now. For example: A half hour rain will raise the level of the Mullet Creek two, three and even four feet. A continuous rain will cause flooding to such an extent that a roaring river is created measuring in width from 50 to 100 feet. This not only causes obvious damage to said properties but is a safety factor as well.

With regard to safety we would point out that many small school and preschool age children frequent the area as well. We are concerned that a child could possibly drown. A situation that in the opinion of the undersigned should not and does not need to even have a remote possibility.

Of lesser importance but nevertheless a concern is the constant damage and erosion of the properties in question. We are forever repairing damage caused by the flooding, sometimes at considerable expense.

We the residents have never had this problem until the Meadowvale diversion was constructed and put into operation. Since that time we have had no peace, just a continuous flooding problem that becomes increasingly difficult to contend with. We will stand by our statement with regards to the diversion in question up to and including a court of law if necessary. We have alerted many officials, some of whom have personally seen what we claim in this letter, but as yet we have received nothing but a run around, and no action whatsoever. Some of the statements by so called officials border on the absurd.

TO BE RECEIVED.

ITEM NO. 2

I-14a

Report to Councillor J.N. Raftis, Chairman and
Members of the Public Works Committee Date July 13, 1976
From R.W.J. Moore, P.Eng. Report No. PW.113/76
Re: OAKVILLE-MISSISSAUGA LIAISON COMMITTEE, LANDFILL SITES

Mr. Chairman and Members:

RECOMMENDATION

THAT, subject to approval of the Region of Peel,

THAT Regional Council again invite Peel to consider a joint-use concept for the sanitary landfill site by determining through hydrogeological testing, whether a site in the Ninth Line/Britannia Road area is suitable for use.

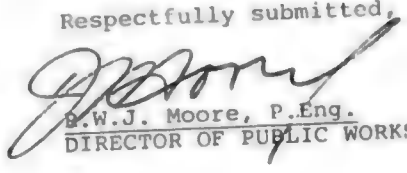

REPORT

At their meeting of May 25, 1976, Mississauga City Council passed the following resolution:

"That the City of Mississauga and the Town of Oakville request the Regions of Peel and Halton to consider, carefully, the principle of a joint Peel/Halton sanitary landfill facility and that the Region of Halton be requested to determine by hydrogeological testing if the Ninth Line/Britannia Road site within the Region of Halton is suitable for such use and, That copies of this resolution be forwarded to the Regional Councils of Halton and Peel for their consideration."

There was an article which recently appeared in the Toronto Star which stated that Mississauga, based on its own study, had recommended an alternate site, said site being located between the Ninth and Tenth Lines just west of Winston Churchill Blvd. and south of Britannia Road. This particular location in Peel Region is approximately midway between our Locations "G" and "E". If Council wishes to proceed, then the most expeditious way of adhering to the request of Mississauga would be as set forth in the recommendation above.

Respectfully submitted,

1976 PARK SURVEY

RECREATION AND PARKS DEPARTMENT

Dear Mississauga Householder:

The following questions have been carefully designed to gather information about the park needs and preferences of City households so that the Municipality may better provide the services and facilities most desired by residents of various neighbourhoods in Mississauga. As it is essential to determine the views of a cross-section of Mississauga residents, I would very much appreciate you taking a few moments of your time to fill out this brief questionnaire.

Please do not hesitate to call City Hall at 279-7600, ext. 235, if you would like any assistance in completing this questionnaire. When you have completed this form, please return it in the self-addressed, pre-stamped envelope included for your convenience.

I thank you for your cooperation.

Ladies & Gentlemen :

SUBJECT : By-Law Amendment to By-Law No. 234-75, as Amended.

SOURCE : Engineering Department.

COMMENTS : Attached to this report is a draft by-law amendment to By-Law No. 234-75, as amended, which contains items dealing with traffic matters.

The amendments to Schedule VII "Stop Signs" are as a result of Council Resolution 443 dated July 12, 1976.

The addition to Schedule VIII "Yield Signs" are as a result of notification from the Ministry of Transportation and Communications that these signs at the intersection of Burnhamthorpe Road and Hurontario Street are not under their jurisdiction. Therefore they are being incorporated into the City of Mississauga's Traffic By-Law.

The addition to Schedule XI "Centre Lane Left Turn Only", is necessitated by the upcoming reconstruction of Lakeshore Road East between Greaves Avenue and the east limit of the City of Mississauga.

RECOMMENDATIONS :

- 1) That this report dated August 12, 1976, from the Commissioner of the Engineering, Works and Building Dept. regarding the By-Law Amendment to By-Law No. 234-75, as Amended, be received.
- 2) That the attached draft by-law amendment to By-Law No. 234-75, as amended, be approved.

RATEPAYERS PETITION WITH RESPECT
TO MISSISSAUGA ROAD (WIDENING)

Whereas Council has adopted the following policies with respect to Mississauga Road (widening).

1. That the policy of requiring an 86 foot roadway allowance for Mississauga Road be continued between North Sheridan Way and Springbank Road.
2. That the Staff prepare a report suggesting methods to implement the "Scenic Roads Policy" for Mississauga Road and that land dedication be made on the basis of this policy.

And Whereas the undersigned ratepayers object to any widening of Mississauga Road between Dundas Street and North Sheridan Way for any purpose whatsoever.

And Whereas certain lands lying to the west of Springbank Road between Mississauga Road and North Sheridan Way have been acquired for the purpose of a sanitary landfill site.

The undersigned ratepayers HEREBY PETITION Council to discontinue its policy of requiring an 86 foot roadway allowance for Mississauga Road between North Sheridan Way and Springbank Road and if necessary, provide for the construction of a road connecting Mississauga Road with North Sheridan Way through the sanitary landfill site, together with the road improvements and traffic signals shown on the sketch attached hereto.

Dated at Mississauga this 31st day of July, 1976.
